## NOTICE

In light of the ongoing worldwide outbreak of the respiratory illness identified as “Coronavirus” (COVID-19), the Embassy of the Kingdom of Morocco in Washington D.C urges all the members of the Moroccan community residing in the United States of America to follow the protective guidance issued by the World Health Organization in this regard, as follows:

- Frequent and thorough hand wash with water and soap and the use of hand sanitizers;
- Avoid touching eyes, nose and mouth with hands and keep a distance from people showing (COVID-19) symptoms;
- Ensure immediate disposal of tissues used after coughing or sneezing;
- Avoid touching surfaces in public areas as they might pick up viruses;
- Practice respiratory hygiene by covering the mouth and nose when coughing or sneezing;
- Avoid crowded rallies and social events;
- Seek immediate medical care early in the event of fever, cough and difficulty breathing;
- Stay informed and follow advice given by your healthcare provider.

The Moroccan Embassy in Washington D.C is aware of the spread of some misleading information among the public on (COVID-19) which stir up suspicion and create panic. In that respect, this Mission calls on all the Moroccan community residing in the United States to rely on information issued ONLY by official agencies and to seek help from the authorized medical centers in the event of the emergence of the symptoms above-underlined which may result from a viral infection caused by (COVID-19).

This Embassy continuously monitors developments related to this issue, and update members of the Moroccan community residing in the United States of all developments whenever required. In case of any questions, please refer to the contacts listed below:
